

HAPPY HOLIDAYS!

ROBOT ORNAMENT INSTRUCTIONS

1. Cut out the robot using an exacto blade or pair of scissors.
2. Fold on the **white** dotted lines, with folds matching the diagram below.
3. Using a glue stick place glue on the flaps marked "glue" and press them against their corresponding sides.
4. Using a sharpened pencil poke a hole in the top of the robot's head. Tie a knot at one end of a short piece of string and pull it through the hole.
